Implementation of e-governance in areas of operation

E-Governance in the field of the educational sector has changed the way of administration. With the data and processes model of an educational Institution, makes the process easy, well organized and error free. This is designed to make the system user-friendly, time saving and cost saving also. It helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public service in all the aspects of education. The institution was successful in implementing the following services in this year.
